It is with great pleasure that I write this letter of recommendation for Attorney Lewis Moore who Championed a law Suit for my wife and I.

My wife Dorothy who at 84 was active and in good health, stepped in a pot hole on a parking lot, Broke her hip & femur. Our two week visit to Phoenix, . turned into three months of medical treatment.

We were turned down by three other Law firms before we found Attorney Lewis Moore, who accepted our case, and he won our case without going to trial. Won us a much deserved one hundred thousand dollar settlement. "Lew Moore is a winner." We live in Indiana, which is about 2000 miles from Phoenix. The insurance company stalled our case for about three years. Communication with Attorney Moore was outstanding. Mister Moore would not give up. He is a winner.
